BIOSPARK

Skills Promotion and Awareness for Regenerative Knowledge — building Europe's skills base for the circular bioeconomy.

Circular Bio-based Europe Joint Undertaking (CBE JU) · Grant Agreement No. 101291928

AMBITION

Europe's circular bioeconomy needs people with the right knowledge and skills. But learning opportunities are still fragmented, and they do not always match what regions, researchers and industry need.

BIOSPARK brings these worlds together to create learning programmes based on real skills needs — and connects them through a European network of 27 Bio-Based Education Centres.

OBJECTIVE

Connect people, knowledge and learning opportunities for the circular bioeconomy across Europe.

01 — Identify
Find the skills Europe needs.

02 — Co-create
Build and test learning programmes.

03 — Connect
Link 27 Bio-Based Education Centres.

IMPACT

- **Better bioeconomy education**
  Learning built around real skills needs.
- **Lifelong learning**
  Learning pathways for different stages of a career.
- **A European network**
  27 centres sharing knowledge and learning opportunities.
- **New skills**
  More opportunities to learn, reskill and upskill.
- **Education meets industry**
  Training connected to research and real-world needs.
